

**Student Name:** \_\_\_\_\_

**Subject:** Structures

**Student co-created criteria:**

*I can...*

- Work in a small group to build a structure that celebrates our learning about structures including shapes, forces, and materials
- Build a structure that can hold 4kg for 5 minutes
- Use suggestions and ideas from my team members to build the structure, putting suggestions together
- Have a job as part of the team that contributes to a common goal where everyone is equal
- Be positive about everybody's ideas
- Work together to be successful

<b>EXCEEDING</b>	<b>MEETING</b>	<b>DEVELOPING</b>	<b>EMERGING</b>
In every way the student has met the criteria and has demonstrated a high understanding of both structures and social responsibility/leadership through team work. The student demonstrated exceptional maturity when working together in their group	The student has made a strong effort to meet all of the criteria and has demonstrated understanding of both structures and social responsibility/leadership through team work	The student has attempted to create a structure and work as a team but some elements of the criteria are missing	The student participated in the lesson but significant elements of the criteria are missing from their work with structures and as part of the team

**How I met the criteria for this assignment** (*circle your self assessment*):

*Exceeding / Meeting / Developing / Emerging*

**How I felt working in my group for this project** (*circle the word that best describes your feelings during your group experience*):

*Frustrated / Neutral / Happy*

**Why?** \_\_\_\_\_
