

STANDARD 6

Educators have a broad knowledge base and understand subject areas being taught

Evidence: Indigenous story telling video project “Salmon Boy”

Reflection: My work often integrates respectful use of Aboriginal content. For this standard I have chosen another group project, the Indigenous storytelling video project, which adapts a Haida Legend in a stop motion animation video (art by me).

My work with various Nations through my previous work (Terracentric Coastal Adventures and Rediscovery), has informed my ability to integrate Aboriginal content into the everyday classroom to raise awareness, and respect for Aboriginal culture and communities.
